CAMDEN CENTRAL SCHOOL DISTRICT

District-wide School Safety Plan

Commissioner's Regulation 155.17 (Amended with additional SAVE regulations effective July 1, 2001)

Introduction

Emergencies and violent incidents in school districts are critical issues that must be addressed in an expeditious and effective manner. Districts are required to develop a District-wide School Safety Plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies. The district-wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed emergency response plans required at the school building level. Districts are at risk of a wide variety of acts of violence, natural, and technological disasters. To address these threats, the State of New York has enacted the Safe Schools Against Violence in Education (SAVE) law. This component of Project SAVE is a comprehensive planning effort that addresses risk reduction/prevention, response, and recovery with respect to a variety of emergencies in the school district and its schools.

The Camden Central School District supports the SAVE Legislation, and intends to engage in a planning process. The Superintendent of Schools encourages and advocates on-going district-wide cooperation and support of Project SAVE.

SECTION I: GENERAL CONSIDERATION AND PLANNING GUIDELINES

A. Purpose

The Camden Central School District-wide School Safety Plan was developed pursuant to Commissioner's Regulation 155.17. At the direction of the Board of Education, the Superintendent of Schools appoints a District-wide School Safety Team and charges it with the development and maintenance of the District-wide School Safety Plan

B. Identification of School Team

The 2018-2019 District-wide School Safety Team includes the following persons:

Position

Board of Education Representative: R. Paul Sr.
Administration Representative: K. Keil, C. Centner
Teacher Representative: C. Palmer

[Other School Personnel]: R. Bajohr, E. Snow, R. Willson, S. Stelmashuck

C. Concept of Operations

- The District-wide School Safety Plan shall be directly linked to the individual Building-level Emergency Response Plans for each school building. This District-wide School Safety Plan will guide the development and implementation of individual building-level emergency response plans.
- This Plan has been developed using the New York State Education guidance document as well as checklists and other resources provided by the Oneida-Herkimer-Madison BOCES Safety Office. It has been reviewed and revised by members of the District-wide School Safety Team prior to public comment.
- In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team.
- Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified.
- Emergency response actions, including Crisis Response, may be supplemented by involving County and State resource through established protocols.

D. Plan Review and Public Comment

- Pursuant to Commissioner's Regulation 155.17 (e)(3), this plan was made available for public comment 30 days prior to its adoption. The District-wide and building-level plans were adopted by the School Board only after at least one public hearing that provided for the participation of school personnel, parents, students, and any other interested parties. The plan was formally adopted by the Board of Education on June 10, 2001.
- While linked to the District-wide School Safety Plan, building-level emergency response plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.
- Full copies of the District-wide School Safety Plan and any amendments were submitted to the New York State Education Department within 30 days of adoption. Building-level emergency response plans were supplied to both local and State Police within 30 days of adoption.
- This plan shall be reviewed and maintained by the District-wide School Safety Team and reviewed on an annual basis on or before July 1 of each year. A copy of the plan will be available at the District Administrative Office.

SECTION II: RISK REDUCTION/ PREVENTION AND INTERVENTION

A. Prevention/Intervention Strategies

Program Initiatives

The district has established the following programs and activities for improving communication among students and between students and staff, and to facilitate the reporting and evaluation of potentially violent incidents such as:

<u>Second Step Program</u>	<u>Steps To Respect</u>
<u>Peer Mediation Programs</u>	<u>Morning Program</u>
<u>Internet Safety/Cyber-Bullying</u>	<u>Crisis Counseling</u> (as needed)
<u>Anger Management Groups</u>	<u>Bucket Filler</u>
<u>Character Education/WEB Program</u>	<u>Child Lures Prevention/ Yello Dino</u>
<u>Cougars with Character</u>	<u>1-2-3 Magic</u>
<u>Rachael's Challenge</u>	<u>Expressive Arts</u>

The district reporting and referral process, according to the building chain-of-command and district Code of Conduct, is used for reporting school violence. Additionally, the district has counselors available for students to maintain confidentiality.

The district will continue to assess its needs and establish programs that will help to create a positive, safe learning environment for students.

Training, Drills, and Exercises

- The District will conduct emergency response training for staff and students by reviewing procedures appropriate to hazardous situations including those that are weather-related, criminal in nature, environmental, or failure of a building system. The procedures will be explained and practiced in a variety of ways including early go-home drill; tabletop exercise; live drill; and Emergency Management Team exercise.
- When appropriate, and at the discretion of the District-wide Team, the district will coordinate drills and/or exercises with local and county emergency response and preparedness officials. The following drills and/or exercises will be conducted in the 2018-2019 school year:

Date	Description of drill or exercise
Annual	"Go Home" drill – Students and Staff
As required by law	8 Fire Drills – Students and Staff
As required by law	4 Lockdown Drills – Students and Staff
Annual	Right-to-Know
Annual	Tabletop Exercise
Annual	Violence Prevention - Staff

- Drills and other exercises will be coordinated with local, county and state emergency responders and preparedness officials. Existing plans will be revised in response to post-incident evaluations of these drills.

Implementation of School Security

- The district may conduct a security review of the facility, as needed, with the assistance of local law enforcement and/or the BOCES Safety Office, to determine what security measures should be adopted. Measures to be considered include: hall monitors, visitor badge/sign-in procedures, video surveillance, resource officer, and reporting mechanisms.
- The following security measures are in place:

Security measure	Purpose
Visitor Sign-in	To identify visitors and purpose of visit
Visitor Badges	To identify authorized visitors to students and staff
Fingerprinting	Background checks on new hires after July 1, 2001
Door Access System	To limit access to instructional buildings
Employee I.D. Badges	To identify staff
Video Surveillance	To provide additional monitoring capability
School Messenger System	To provide telephone notification to students and staff

For the safety of students and staff, specifics have not been included.

- The following measures have been considered, but not implemented at this time:

Security measure	Resolution
None at this time	

B. Early Detection of Potentially Violent Behaviors

The District recognizes that the most current data cautions against profiling students who have the potential for violence; however, it also acknowledges the need to identify youth at risk and to provide the necessary support services to all students beginning at an early age. The District therefore will maintain resources on the early detection of potentially violent behaviors and disseminate as needed, maintain qualified staff to evaluate threats and other potentially violent behaviors, and train all staff in how to identify early warning signs in students and in early intervention/prevention strategies.

C. Hazard Identification

The District has identified the following internal and external sites of potential emergency or potential emergency situations:

Site/situation	Comments
HS/MS buildings	Science Labs
Roadways – all sites	Route 13 and Route 69 potential transportation accidents

See Appendix 1 for additional risk assessment/probability checklist

SECTION III: RESPONSE

A. Notification and Activation (Internal and External Communications)

- In the event of a violent incident, the Superintendent/ Designee will contact appropriate law enforcement officials through the 911 system. A list of local law enforcement agencies and of those individuals who are authorized to contact the law enforcement agencies is included in the appendix of each Building-level Emergency Response Plan.
- The Superintendent will notify all educational agencies within the district in the event of an emergency by use of telephone, fax, email, or other appropriate communication.
- In the event of a disaster or an act of violence, the BOCES District Superintendent, or their designee, will be notified as appropriate.
