2018-19 Kindergarten Registration

Dear Parent/Guardian:

Many food allergies stated by parents are just parent preference and not a true allergy. If you prefer your student to not eat certain foods you must clarify that with your child. The school will only acknowledge doctor verified food allergies.

To insure that appropriate measures are taken, any student that has a food allergy will need doctor verification of that allergy. The doctor must document the allergen and any medications or diet restrictions. The school cafeteria will then implement the doctor's orders. A student on free or assisted meals that cannot have milk because of lactose intolerance needs a doctor's order for lactose free milk or juice. All orders should be sent to school nurse before the first day.

We thank you for your cooperation in this matter. The safety and well-being of our students is our goal.

Sincerely,
Building Principal/Nurse

Dear Parent:

This is a reminder that certain **vaccinations are required** for your child to attend school. Please see your health care provider to obtain the necessary documentation of your child's vaccination status. There is no danger in giving these vaccines to a child who has received them in the past.

New York State Immunization Requirements for School Entrance/Attendance

<u>Vaccines</u>	<u>Kindergarten</u>
Diphtheria and Tetanus toxoid containing vaccine and Pertussis vaccine (DTaP, DTP or Tdap)	4-5 doses
Tetanus, Diphtheria and Pertussis Booster (Tdap)	Not applicable
Polio vaccine (IPV or OPV)	3-4 doses
Measles, Mumps and Rubella (MMR)	2 doses
Hepatitis B	3 doses
Haemophilus Influenzae type b (Hib)	Not applicable
Pneumococcal Conjugate Vaccine (PCV)	Not applicable
Varicella (Chickenpox)	2 doses

Blood tests which show immunity against measles, mumps, rubella, hepatitis B, varicella and polio are acceptable as proof of immunity. **Religious exemptions to these requirements must be submitted to school officials in writing. Medical exemption must be submitted to school officials in writing from your health care provider each school year.**

See your local health care provider about records of your child's vaccination. If you have any questions, you can call your school nurse, local health department, or your health care provider. We wish your child a happy, productive and healthy academic year.

A Note From The Nurse

Dear Parent/Guardian:

The State Education Department requires physical exams be provided for students in grades 2, 4, 7, 10 and all new entrants each year (including Pre-K and Kindergarten).

If your child has had a physical examination by your private health care provider, send a copy of the physical exam to your building nurse. If your child already has a physical scheduled for the upcoming school year of **2018-19**, please let your building nurse know within 30 days of the first day of school. If the building nurse is not contacted within this specified time, it will be necessary to have our school physician, Dr. Matthew McKay, provide a physical for your child.

Please discuss with your child that the doctor will listen to their chest, examine their teeth/ears and check their backs for curvature of the spine. Male students will be examined for hernias. Additionally, please explain that the doctor and the nurse are there to help them remain both healthy and strong.

As of September 2008, schools are required to request a dental assessment/examination as well as a physical examination. If your child has had or will have a physical examination, please request your doctor to complete page 6 of this packet and return to your building nurse. If your child has had or will have a dental assessment/examination, please request your dentist complete page 7 of this packet and return to your building nurse.

If there are any further questions or concerns regarding your child's physical and/or dental screening, please call your building nurse at: **Annsville/Nurse Collins at (315) 334-8030**

Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please completed Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started school, ask your dentist/dental hygienist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.
