The superintendent's determination shall be on a case-by-case basis.

G. Disciplinary Responses to Student Misconduct

The purpose of all discipline is to teach students appropriate and constructive behaviors. Disciplinary measures shall be appropriate to the seriousness of the offense and, where applicable, to the previous discipline record of the student.

This code divides types of misbehaviors into four levels of increasing seriousness, with more stringent disciplinary measures provided for at each level. If an infraction appears to fall between two levels, it should be categorized and dealt with at the less stringent level. At each level there are examples of infractions to be treated at that level. The list

is intended to be descriptive rather than exhaustive. Each level also has a description of procedures which school officials should follow in administering discipline, and a menu of disciplinary choices. Because each child and each misbehavior is different, school officials should tailor the discipline for each infraction to best encourage the child to make better choices in the future.

Responses to acts of harassment, bullying and/or discrimination against students by students shall use measured, balanced, and age-appropriate remedies and procedures, with the goals of prevention and education; as well as intervention and discipline. We will consider the nature and severity of the conduct, the developmental age of the student engaging in the conduct, the actor's prior disciplinary record, and the impact of the conduct on the student at whom it was directed.

H. Removal of disruptive students from the classroom and school property.

Teachers are authorized by the Education Law and the Code of Conduct to remove a student from the teacher's classroom if the student is substantially disruptive of the educational process, or if the student substantially interferes with the teacher's authority over the classroom.

I. Student Suspension from School

1. The suspension of pupils shall be conducted in accordance with the regulations of Section 3214 of the Education Law.

2. Minimum Suspension for Pupils who Repeatedly are Substantially Disruptive

Pupils who repeatedly are substantially disruptive to the educational process or who substantially interfere with the teacher's authority in the classroom shall be subject to a minimum out-of-school suspension of two (2) days. A student who is "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority in the classroom" is defined as one who is removed from the classroom by a teacher more than four (4) times in a semester. Such suspension period may be reduced on a case by case basis consistent with law.

3. Minimum Suspension for Violent Pupils

Students who are deemed to be "violent pupils" as defined by Education Law Section 3214 (2-a) (a) shall be subject to a minimum out-of-school suspension of at least five (5) days.

The Superintendent shall process in a timely manner all reports of harassment, bullying, and/or discrimination, including insuring that an appropriate investigation is conducted and appropriate reports are made to law enforcement.

VI. Discipline of Students with Disabilities

The Board of Education recognizes that the need to address disruptive or problem behavior within its schools may result in the suspension, removal or other discipline of students with disabilities eligible for services under the Individuals with Disabilities Education Act (IDEA) and Article 89 of the Education Law (Article 89) and their implementing regulations. It also recognizes that these students with disabilities enjoy certain procedural protections whenever school authorities intend to impose discipline upon them.

Acceptable conduct by school employees shall be consistent with the role of teachers and staff outlined in the code of conduct.

VIII. Prohibition of Corporal Punishment

IX. Harassment and Discrimination Is Prohibited At School

1. You should never feel that it is not safe to come to school and participate in all school activities. You should never be prevented from concentrating on your schoolwork because another student or a school staff member is teasing you, making fun of you, pushing you around, or threatening you in some way, because of your race, color, weight, national origin (where your family comes from), ethnic group, religion, religious practices, disability, sexual orientation, gender, or sex, or for any other reason.
2. A student may not act toward another student in a way that reasonably might make that other student feel threatened or unsafe, or that might reasonably make that other student unable to concentrate on their school work, because of the other student's race, color, weight, national origin (where their family comes from), ethnic group, religion, religious

practices, disability, sexual orientation, gender, or sex, or for any other reason. It is against school rules for any student or school staff member to do this by physical actions or by verbal statements, including electronic messages. This kind of conduct is prohibited on school property, on school buses, and at all school-sponsored events.

X. Standards and Procedures to Assure the Security and Safety of Students and School Personnel.

The district has an established emergency management/school safety plan, which has been developed in accordance with applicable law and regulation to assure the security and safety of students and school personnel.
